Remarks: In a letter to the Director dated 9 January, the Chairman of the Civil Service Commission asked for a report on our progress in offering employment opportunities to the mentally retarded which he will include in a report to be submitted to the President before the end of the fiscal year. Our suggested reply, prepared for your signature, is based on a check made with the Director of Security and the Chief, Medical Staff following our receipt of President Kennedy's memorandum of 12 September 1963 urging the employment of retardates. This was reported in our "current interest items" memorandum of 4 October 1963 which has been extracted and attached for your information.

Honorable John A. McGone
Director
Central Intelligence Agency
Washington, D. C. 20505

Dear Mr. McGone:

The late President Kennedy on September 12, 1963, sent you and heads of other executive departments and agencies a special memorandum describing the leadership to be taken by Government in employing the mentally retarded and urging you to examine your operations and determine the extent to which you have positions which the retarded may fill without detriment to the service. President Johnson is continuing the policy set forth in that memorandum and I expect to give him, before the end of this fiscal year, the first report of Executive Branch programs and experience.

Employment under this program will be limited to persons who are trainable and who are certified by the appropriate State vocational rehabilitation agency as qualified--physically, vocationally, and socially--to perform in a satisfactory manner the full duties of the position. Appointments will be made under a new Schedule A authority, in accordance with written agreements between the individual agencies and the Civil Service Commission. Your personnel director will know the details, outlined in General Personnel Manual Letter No. 376-1.

Three agencies--the Department of Labor, the Department of Health, Education, and Welfare, and the Veterans Administration--have already started to use qualified retardates for such work as food service, laundry work, grounds maintenance, messenger, simple mail, file, and clerical duties, and possibly certain other work in printing and reproduction sections. We ourselves will be making some appointments and have already placed the retardate on our rolls.

I invite the active participation of your agency and ask your personal interest in seeing that your organization takes the necessary time, and makes the necessary effort, to identify those of your positions which the mentally retarded can perform adequately and those which can, without detriment to your operations, be modified to take advantage of the untapped productive capacity which many retardates

the attorney will explore the possibility of person-
ally interviewing the person who is the subject of the
investigation. The attorney will also attempt to locate
the person who is the subject of the investigation.
